Workshop requirements

Please read carefully and come to class prepared.

What you can expect to achieve in this one day workshop- Learn some new background techniques, smooth stroking and blending, scumbling. Use of a Filbert Rake Brush to create effects, achieving some easy water effects. Final results will be dependent on your level of ability, the pace of the workshop. I will endeavour to get all participants to the finish line however some may not complete your turtle or keep pace, I have therefore created step by step notes to take home and follow at your leisure.

So that we can all maximise our time in this workshop please have the correct size canvas, paints required (or something close) and the requested brushes when you come to class, thank you.
