WORKING ON YUPO PAPER WITH WATERCOLOUR AND WATERCOLOUR PENCILS

Marlene has been painting in Watercolour for 12 years, having discovered the beauty of its translucency and the excitement of its unpredictability.

Yupo paper presents another exciting level. It is a synthetic, non-absorbent, smooth paper for watercolour, ink, and acrylic and watercolour pencil. Or a combination of them. It is often used for abstract works.

Marlene will introduce you to her method of painting very loose images of flora and fauna, using watercolour paints and watercolour pencils.

We will complete 2 paintings in the workshop - a floral image and a dancing penguin.

Cost: \$20 Workshops are not refundable or transferable. You can organise your own replacement and inform the gallery if you can't make the class.
